

Looking for a Special Jewish activity for children?

**Introducing 'Multi the Record Breaker'!
Occupy the kids throughout the year!**

WHO ARE WE?

The Rabbinical Centre Of Europe -Morasha Division presents a series of children's activity kits for every month.

The kits can be facilitated within the framework of elementary schools, Sunday school, children's activities and more.

The kits are full of exciting and diverse content, include high quality visual media and are suitable for small or large groups. The kits contain a detailed instruction booklet for the leader. Suitable for ages 12-6 (children who can read) and are translated into Hebrew, English, Russian, French, German.

This year we will be "BREAKING RECORDS!"

The annual theme guideline is to establish meaning to any progress. Each and every small step forward in bettering ourselves is an achievement and a personal "record".

A theme was chosen for each month and a related record that the children will learn and break records accordingly.

The annual theme will be accompanied by the special character of "Multi the record Breaker" - a character composed of various measuring tools who will help the children set new records.

What does the monthly kit include?

- 4 Workshops full of activities
- Facilitator's instruction booklet
- Colorful accessories
- Accessories for the annual wall banner
- Animated video with the anthem.

(Annual subscription members receive a Bonus Wall Poster, and a personal gift for each child)

This year there are convenient and affordable ways to purchase:

- **Single kit track:**

40€.

- **Holiday track:**

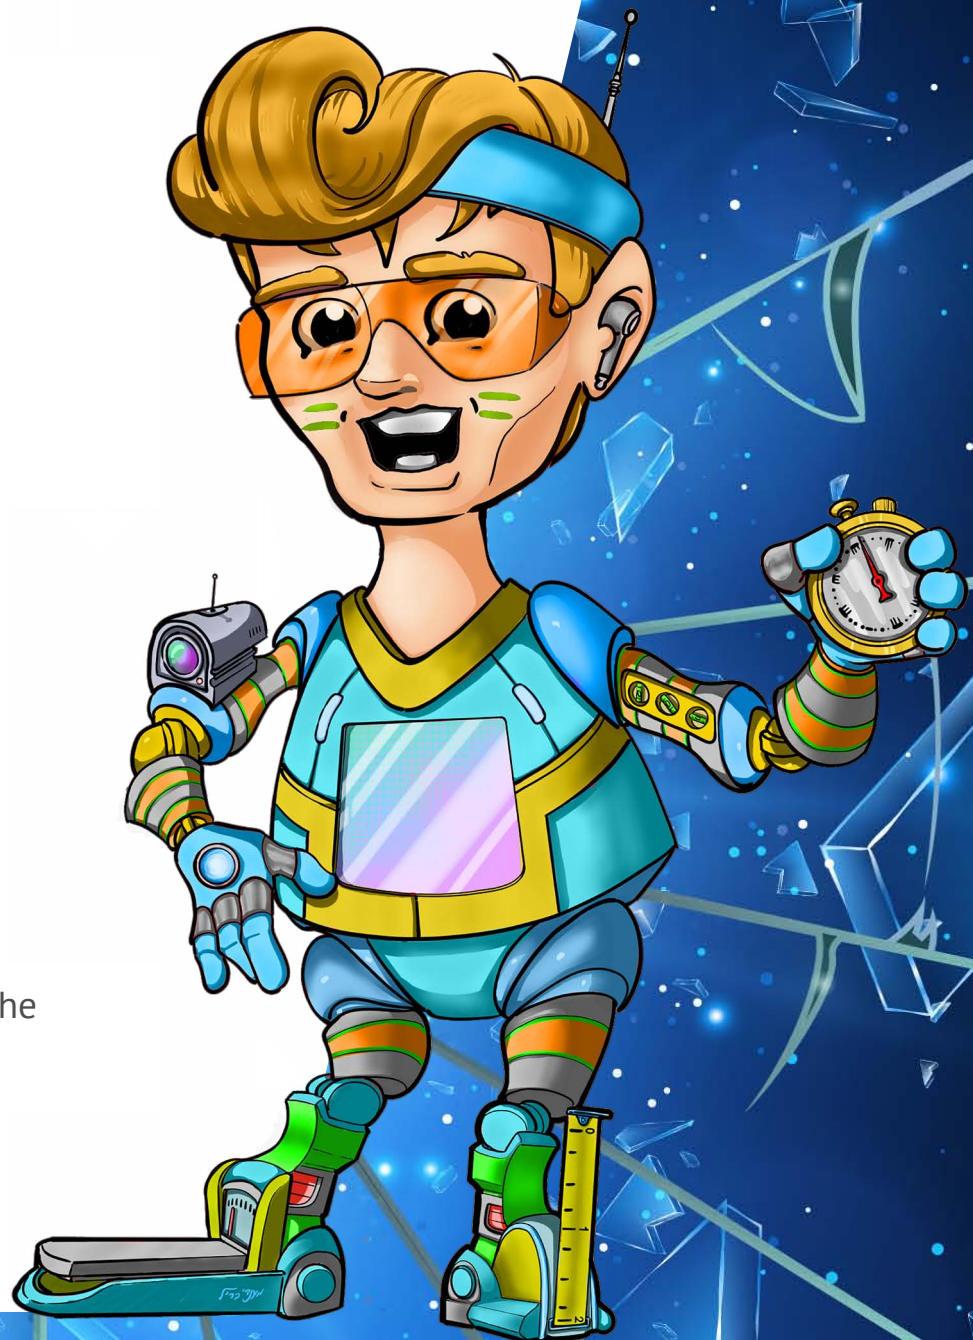

This track includes 5 kits for the months of - Tishrei, Kislev, Adar, Nissan and Sivan.

RIVKY varnai- Canada

We loved using this program! Very well organized and easy to work with! Great price! Thank you!

Sara Deutch -Russia

A perfect program for the Shluchot!
Saves so much time and headaches
Presented so professionally and conveyed in a flexible manner!
Thank you!

Kineret Myers Russia

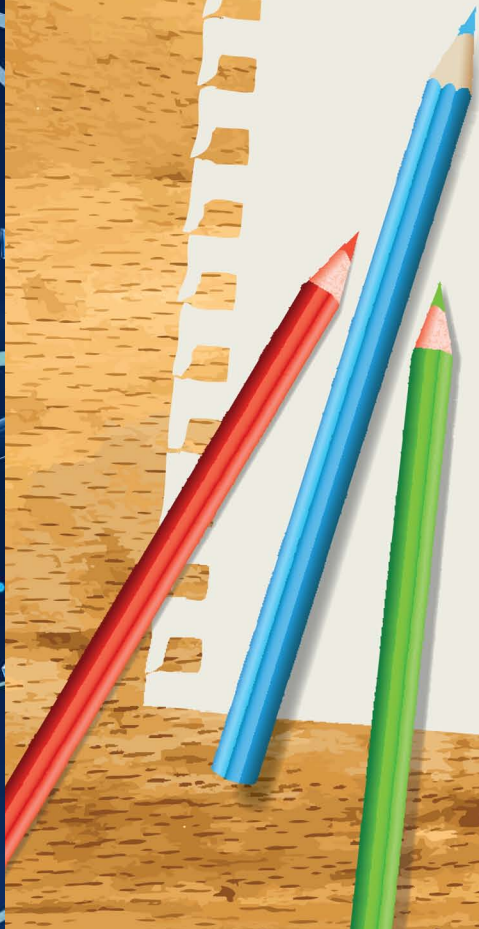

A varied program full of content that's very interesting to the children, interactive and surprising.
Strongly recommend!
Running a Hebrew School has never been so easy.

Mushka Segal- Malta

The interactive, well-designed, professional and invested programs, upgrade every activity to new levels with the children.

Shoshi Glitzenstein-Hungary

The content is structured and varied, and designed with pleasing aesthetics to the eye. The material is presented with clear and ready-to-operate setups for the teacher. The students (and teachers) really enjoyed it.
